

## English Language Refresher Course for Teachers

MLI has an exciting new course for teachers in June and July 2009. Do you teach Maths, Sciences or Humanities? Do you work in a Bilingual School? Would you like to work in such a school?

Course Dates: 28th June - 12th July 2009 and 12th - 26th July 2009

Course Location: Dublin City University

Accommodation: Single en-suite rooms; full board.

Cultural Programme: 2 Full Day Excursions & 3 Cultural Visits

Bus Pass: A two-week bus pass is included

This course is intended for all teachers of all subjects who are working or intending to work in bilingual or multilingual schools. The course is explicitly aimed at all subject teachers other than qualified English teachers.

This 2-week, 30 hour course blends 15 hours of general English refresher and enhancement modules with 15 hours of 'hands-on' exploration of cutting-edge techniques to make the classroom experience more vibrant and rewarding for both teacher and students.

This 'task-based' emphasis on a creative use of materials and energy-saving classroom dynamics takes the pressure off teachers and harnesses student energy in a learning focused way - using group work, learning games and the students' competitive spirit. In this way, the teacher's energy is conserved for directing rather than driving student work.
