

Spring & Autumn School Groups

MLI is delighted to announce a new residential accommodation option for Spring and Autumn school groups. We are now offering groups the opportunity to learn English and stay in modern and comfortable accommodation at the heart of Dublin city.

Our new residential accommodation package offers the same high quality MLI course you have come to expect with the added bonus of the group being able to remain together throughout their stay. We are able to offer groups a range of accommodation options, from high quality hostels to three-star hotels, all in Dublin City Centre bringing them closer to the school and all the visitor attractions that Dublin has to offer. Our residential accommodation option comes with a choice of either half or full board packages.

Alternatively groups can continue to choose our established and welcoming Host Family option, giving students the opportunity to experience Irish life first hand by staying with one of our many families in the Dublin area. Groups who choose the Host Family option are placed with care to ensure all of the students are near to each other and within 30 minutes of the school.

For further information on our Spring and Autumn School Group Courses contact us directly on info@mli-group.com or sales@mli-group.com
